Ekahau **Insights – Now with Optimizer!**

Wi-Fi performance analytics with automatic issue identification and step-by-step network optimization.
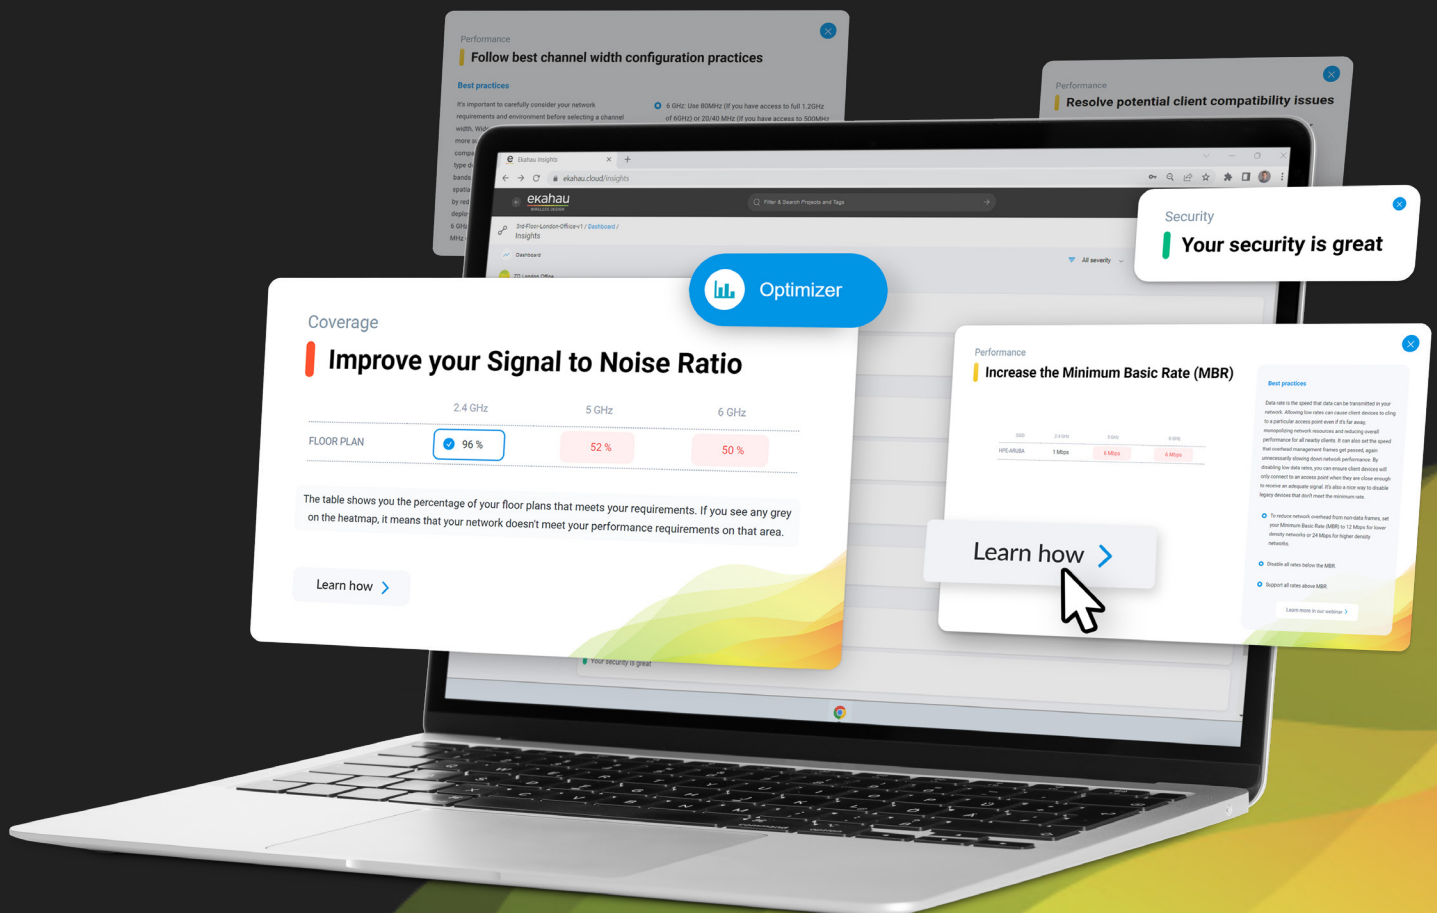

Boost Performance

Ekahau Optimizer automatically evaluates your unique network and provides instant and actionable step-by-step instructions for improving your Wi-Fi performance & security.

Full Global Visibility

Get a holistic view of key performance indicators, network inventory and survey actions across all the networks you design, survey, optimize, and troubleshoot with Ekahau.

Easy Collaboration

Collaborate easily with users without Ekahau licenses by sharing guest links to project statistics and online heatmaps. Use tags to organize and add client or workflow context to your projects.

WIRELESS DESIGN

Save Countless Hours with Just a Few Clicks

What used to take days now takes seconds: Using the power of Sidekick 2 and intelligence of AI Pro software, Optimizer identifies problems that used to require a lot of time and expertise (i.e. coverage gaps, performance issues, mobility misconfigurations, security vulnerabilities) so you can address them with lightning speed.

It's like having on-demand access to your own personal Wi-Fi expert, making it easy for IT professionals to instantly improve their network.
